

Women in PDEs @ Karlsruhe

The aim of this workshop is to bring together students of mathematics, young researchers (PhD students and postdocs) and established female mathematicians working on partial differential equations (PDEs).

Invited Speakers

Bahouri, Hajer (Sorbonne Univ., France)

Bonizzoni, Francesca (Univ. Augsburg, Germany / Politecnico di Milano, Italy)

Brüll, Gabriele (Lund Univ., Sweden)

Kaltenbacher, Barbara (Univ. Klagenfurt, Austria)

Lamacz-Keymling, Agnes (Univ. Duisburg-Essen, Germany)

Lasser, Caroline (TU Munich, Germany)

Soresina, Cinzia (Univ. Graz, Austria)

October 13-14, 2022 @ KIT, Karlsruhe, Germany

Local organizing team

Marlis Hochbruck, Christian Knieling,

Laurette Lauffer, Wolfgang Reichel,

and all female colleagues within the CRC

Hosted by

Collaborative Research Centre 1173

Wave phenomena
analysis and numerics
