

Women in PDEs @ Karlsruhe

The aim of this workshop is to bring together students of mathematics, young researchers (PhD students and postdocs) and established female mathematicians working on partial differential equations (PDEs).

Invited Speakers

Baldelli, Laura (Univ. of Granada, Spain)
Bandle, Catherine (Univ. of Basel, Switzerland)
Daversin-Catty, Cécile (Simula Research Laboratory, Norway)
Fliss, Sonia (ENSTA Paris, France)
Pagliantini, Cecilia (Univ. of Pisa, Italy)
Rüland, Angkana (Univ. of Bonn, Germany)
Schlüter, Hjørdis Amanda (Univ. of Helsinki)
Wohlmuth, Barbara (TU of Munich, Germany)

October 23-24, 2025 @ KIT, Karlsruhe, Germany

Organizing team

Marlis Hochbruck, Christian Knieling, Caroline Lasser
Laurette Lauffer, Wolfgang Reichel, Barbara Valnion,
and all female colleagues within the CRC

Hosted by

Collaborative Research Centre 1173

Wave phenomena
analysis and numerics
